SUMMARY

An innovative young lady with three years of hands-on experience in front-end web development. I have effectively managed tech communities and built web pages using Application Programming Interfaces, Cascading Style Sheet Frameworks, and JavaScript Libraries. In my current role, I am recognized as a valuable team player and contributor to the company's advancement and growth, demonstrating attention to detail and a commitment to continuous learning. I am eager to acquire new technologies and cultivate innovative ideas through the application of professional skills, stewardship, and ethical practices.
