SUMMARY

Detail-oriented Quality Assurance (QA) Analyst with strong expertise in manual testing, API testing using Postman, and test management tools like JIRA, TestRail, and Zephyr. Skilled in designing and executing test plans to validate functionality, performance, and usability of software applications.

Proficient in white-box testing, SQL/database validation, and backend integration testing. Leveraged a frontend development background (HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap) to enhance UI/UX testing, identify UI inconsistencies, and ensure cross-browser compatibility.

Combined technical acumen with analytical thinking to detect issues early in the development lifecycle. A collaborative and user-focused professional committed to delivering reliable, high-quality software solutions.

EDUCATION

B.Eng. Electrical Electronics Engineering, Federal University Oye Ekiti - 2025

HND Electrical Electronics Engineering, Yaba College Of Technology, Lagos - 2019

WORK EXPERIENCE

QACETECH - Quality Analyst

May 2024 present

- Reviewed and understood project requirements to develop effective test strategies and plans.
- Designed test plans, test cases, and test scenarios to ensure comprehensive coverage of software functionalities.
- Verified that software functioned as expected by executing test cases and validating results against requirements.
- Assessed the speed, responsiveness, and stability of software under various load conditions.

- Ensured the software provided a seamless and user-friendly experience for end users.
- Detected, documented, and tracked software defects using bug-tracking tools, ensuring timely resolution.
- Re-tested software after modifications to ensure new changes did not negatively impact existing functionalities.
- Identified vulnerabilities in software applications to ensure compliance with security standards and best practices.
- Worked closely with developers, product managers, and other stakeholders to improve software quality and resolve defects.
- Ensured software met industry standards, regulations, and organizational policies.
- Stayed updated with emerging testing methodologies, tools, and best practices to enhance testing efficiency and software quality.

ADATECH HUB - Front End Development Bootcamp

Jan 2023 – Mar 2024

- Incorporated applications, graphics, audio, and video clips into client websites.
- Optimized websites for different screen sizes using Bootstrap and Tailwind CSS.
- Collaborated closely with UI/UX designers to bring award-winning design concepts to life.
- Developed high-quality user interfaces for web apps using React.js.

FEMCODE AFRICA - Front End Development Bootcamp

Feb 2019 – Mar 2020

- Created and improved user interfaces, ensuring they were visually appealing and user-friendly.
- Implemented clean, reusable, and maintainable code using HTML, CSS, and JavaScript.
- Assisted in testing user interfaces across multiple browsers and devices, debugging issues to ensure compatibility and functionality.
- Worked closely with UI/UX designers, back-end developers, and other team members to integrate front-end components with back-end services.

TECHNICAL SKILL

- HTML 5
- Test Planning
- Functional Test
- Performance Test
- Usability Test
- Jira
- Zephyr
- Postman
- Agile Methodology
- JavaScript

- Manual Testing • CSS 3, Bootstrap frameworks, Tailwind CSS • React.js • Test Design and Test Case/Scenario writing • Version Control System - Git and GitHub
- Communication • Vite / Create React App • Critical Thinking
- API Consumption, Integration and testing • Attention Details • Time Management

CERTIFICATIONS

- Manual Testing Certification at QaceAcademy (2025).
- Automation Testing using Cypress Certification at QaceAcademy (2025)
- Front End Development Bootcamp Certification at Tech4Dev (August, 2023).
- Programming with JavaScript from Coursera (May 2024).
- Responsive Web Design from FreeCodeCamp (Jan 2024).
- Introduction to Front End Development Certification from Coursera (Dec 2023).
- Front End Development Bootcamp Certification, at AdaTechHub (March, 2023).
- Frontend Web Development Bootcamp at Femcode Africa (July, 2020).
- National Youth Service Corps (October, 2022)

PERSONAL SKILLS

- Adaptability: Quick to learn and adapt to new tools and technologies.
- Problem-Solving: Skilled in analyzing challenges and creating solutions.
- Leadership and People Management: Experienced in leading teams and engaging communities.
- Communication: Proficient in clear technical documentation and collaborating with teams.
